

To serve the community by empowering people, of all ages, to discover their passion and prepare for their future through career and technical education.

January 4, 2022

Dear School Community,

Buckeye Career Center is committed to the safety and health of our students and staff. We want to inform you that as of today, January 4, 2022 we have **166** confirmed cases of COVID-19 in students or staff at Buckeye Career Center.

Compiled to Date as of January 4, 2022

Student Positive Cases **144**

Staff Positive Cases **22**

Buckeye Career Center will remain open at this time. We are working closely with our Local Health Departments and anyone identified as a close contact will be notified by the health department as a part of COVID-19 investigation.

How You Can Help

- Stay home when you are sick.
- Wear a mask or face covering while in public places or if people who don't live with you must visit your home.
- Avoid unnecessary gatherings with people who don't live in your home.
- Avoid sharing food, drinks, or utensils.
- Wash your hands often with soap and water for at least 20 seconds. Sing the Happy Birthday song twice to help know when it has been 20 seconds. If soap and water are not available, use alcohol-based hand sanitizers that contain at least 60% alcohol.
- Cover your coughs and sneezes with a tissue, and then dispose of the tissue and wash your hands immediately. If you do not have a tissue, use your sleeve, not your hands, to cover coughs and sneezes. If you are experiencing cough or congestion, consider staying home and seeking medical care.

To serve the community by empowering people, of all ages, to discover their passion and prepare for their future through career and technical education.

- Regularly clean and disinfect frequently touched objects and surfaces using a regular household cleaning spray or wipes. The Centers for Disease Control and Prevention recommends cleaning of frequently touched surfaces with household cleaners and EPA-registered disinfectants that are appropriate for the surface, following label instructions. A simple bleach solution may also be utilized.

For answers to your COVID-19 questions, call 1-833-4-ASK-ODH (1-833-427-5634) or visit coronavirus.ohio.gov.

Your mental health is just as important as your physical health. If you or a loved one are experiencing anxiety related to the coronavirus pandemic, help is available 24 hours a day, seven days a week. Call the COVID-19 CareLine at 1-800-720-9616.

Sincerely,

Bob Alsept
Superintendent

COVID-19 Symptoms
Help prevent the spread of Covid-19

You may have COVID-19 if you have:

- Fever or chills
- A cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches
- Headache
- Sore throat
- Loss of taste or smell
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea

Symptoms may be mild or severe and may appear two to 14 days after exposure to the virus.
